Civil Aviation Bureau

JCAB Granted the Amended Type Certificate to the Boeing 787-9

This is to inform you that the Japan Civil Aviation Bureau (JCAB) has certified the Boeing 787-9 on July 18, 2014. The Boeing Company has applied for a type certificate of the said aircraft to JCAB on July 12, 2013 and the examination proved that it complies with the Civil Aeronautical Act of Japan and safety requirements accordingly.

(※) The 787-9 is a slightly bigger version of the 787-8 with the maximum seating capacity of 420. With the fuselage stretched by 20 feet (6 meters) over the 787-8, it will provide 39 more passenger seats.
